OUR STORY

The company NEOCONS Plus Ltd., has been established in 2011 and we are present at the Hungarian feed market since 2005. Initially we supplied only the local animal farms and feed producing companies and recently we are supplying our products to several neighbouring countries, and we are aiming to expand internationally even more.

We strive – that we supply our farmer and feed customers with the best ROI' commodities and additives possible.

Our Mission – to build long-term partnerships with our customers to supply them with efficient and innovative cutting-edge feed supplements. In our feed plant in Kiskunmajsa, we produce high quality and custom-made products. Our expert consultants – who have up-to-date knowledge – help our customers to prevent and solve their problems.

Partnership – our partner customers value the effectiveness of our solutions and the professionalism we provide through our colleagues, and we have as well an effective customer service. This makes a good recipe to our success.

We complement each other – our tagline means on one hand that we are producing and distributing complementary products and on the other hand we work as a team with our customers and our colleagues to complement each other.
